

## AMN Healthcare Launches Market Insights into ShiftWise Flex: Empowering Healthcare Talent Strategy with Dynamic Intelligence

May 29, 2024

DALLAS, May 29, 2024 (GLOBE NEWSWIRE) -- ShiftWise Flex, a next-gen vendor neutral vendor management system (VMS) that serves as a comprehensive workforce management platform for healthcare organizations, announces the launch of Market Insights, a live market intelligence report integrated into the platform.

Market Insights offers live snapshots of bill rate pricing, market datasets, configurable market comparisons and more. Delivering daily updates, this feature equips healthcare organizations with up-to-date information needed to make informed decisions and optimize workforce management strategies and cost.

Key features of Market Insights include:

- Side-by-side analyses between client and market data tailored to user's specific needs
- Data segmentation by skillset and geography, providing granular information
- Ability to compare historical data with current trends to enable organizations to understand pricing and demand fluctuations over time
- Bookmark and subscription features enabling users to save key insights and set up automated updates
- Exportable data tables for further analysis or integration into other systems

"Market Insights represents a significant milestone in our commitment to empowering healthcare organizations with the tools they need to succeed," Nishan Sivathasan, AMN Healthcare Division President, Technology and Workforce Solutions said. "By providing up-to date market intelligence and real-time reporting, we're enabling our clients to make informed and data-driven decisions, optimize resource allocation, and ultimately improve patient care."

This tool provides automated bill rate pricing for recently booked and current open positions, fostering proactive, enterprise-wide financial visibility. Leveraging nursing and allied contingent staffing datasets, spanning all 50 U.S. States and DC—including 839 metro areas, and an average of 70 unique healthcare facilities per state—Market Insights offers data for comprehensive analysis.
