

Investor Presentation

November 2024

THE LEADER AND INNOVATOR IN TOTAL TALENT SOLUTIONS

Non-GAAP Measures

This presentation contains certain financial measures that are not in accordance with generally accepted accounting principles in the United States (“GAAP”) or with rules adopted by the SEC that apply to registration statements under the Securities Act of 1933, as amended, and periodic reports under the Exchange Act. These “non-GAAP financial measures,” as defined under the rules of the SEC, are intended as supplemental measures of our operating performance that are not required by, or presented in accordance with GAAP, and are not intended to be an alternative to the Company's condensed consolidated financial statements presented in accordance with GAAP. The non-GAAP financial measures included in this presentation consist of (1) Adjusted EBITDA, (2) Adjusted Net Income, (3) Adjusted EBITDA Margin, and (4) Free Cash Flow (which means cash flow from operations less capital expenditures) referenced throughout the presentation. Management believes that the items excluded from Adjusted EBITDA, Adjusted Net Income, Adjusted EBITDA Margin, and Free Cash Flow are significant components in understanding and assessing operating performance. Therefore, Adjusted EBITDA, Adjusted Net Income, Adjusted EBITDA Margin, and Free Cash Flow should not be considered a substitute for net income, cash flows from operating, investing or financing activities, operating margin, or cash flow from operations, as the case may be. Because Adjusted EBITDA, Adjusted Net Income, Adjusted EBITDA Margin, and Free Cash Flow are not measurements determined in accordance with GAAP and are thus susceptible to varying calculations, the Adjusted EBITDA, Adjusted Net Income, Adjusted EBITDA Margin, and Free Cash Flow numbers contained herein may not be comparable to other similarly titled measures of other companies. In addition, our management believes that Adjusted EBITDA and Adjusted EBITDA Margin serve as industry-wide financial measures. The non-GAAP measures contained in this presentation should not be used in isolation to evaluate the Company's performance. A quantitative reconciliation of the Adjusted EBITDA, Adjusted Net Income, Adjusted EBITDA Margin and Free Cash Flow non-GAAP measures identified in this presentation, along with further detail about the use and limitations of certain of these non-GAAP measures, to the most directly comparable GAAP financial measures may be found in the appendix slides to this presentation and on the Company's website at <http://ir.amnhealthcare.com>.

Forward-Looking Statements

This investor presentation contains “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). Forward-looking statements include, among others, statements concerning the trajectory of the healthcare industry and economic recovery, future demand for our services and demand within the healthcare industry, duration and severity of labor shortages, our debt and leverage strategies, our capabilities related to our digital customer experience and technology-enabled solutions and analytics, our ability to attract and retain talent and continue to serve the needs of large and growing clients, our ability to deliver long-term profitable growth, our working capital needs and our capabilities to address challenges and trends in the healthcare industry. AMN Healthcare Services, Inc. (the “Company”) bases these forward-looking statements on its current beliefs, expectations, estimates, forecasts and projections about future events and the industry in which it operates. Forward-looking statements are identified by words such as “believe,” “anticipate,” “expect,” “intend,” “plan,” “will,” “should,” “would,” “project,” “may,” variations of such words and other similar expressions. In addition, statements that refer to performance; plans, objectives and strategies for future operations; and other characterizations of future events or circumstances, are forward-looking statements.

The Company’s actual results could differ materially from those discussed in, or implied by, these forward-looking statements. Factors and other cautionary statements that could cause actual results to differ from those discussed in or implied by the forward-looking statements contained in this presentation are set forth in (i) the Company’s Annual Report on Form 10-K for the year ended December 31, 2023, (ii) its subsequent periodic reports, current reports, and other SEC filings, and (iii) the cautionary statements included in the Company’s most recent earnings release issued on November 7, 2024, including our financial condition and our results of operations, future demand for staffing and other services, our ability to attract new clients and the opportunities ahead for AMN, the intensity, impact and duration of workforce shortages, our ability to anticipate and quickly respond to changing marketplace conditions, such as alternative modes of healthcare delivery, reimbursement, or client needs, our ability to implement our strategic plan and advancement in our technology platform and processes, our projected capital expenditures, our ability to effectively incorporate acquisitions into our business operations, and our ability to manage the pricing impact that the labor market and consolidation of healthcare delivery organizations may have on our business.

Be advised that developments subsequent to this presentation are likely to cause these statements to become outdated and the Company is under no obligation (and expressly disclaims any such obligation) to update or revise any forward-looking statements whether as a result of new information, future events, or otherwise.

Investment Highlights

We Innovate to Solve Problems in the Healthcare Labor Force
 Technology-Driven Solutions Enable Flexibility for Professionals and Their Employers

Market-leading spectrum of MSP, VMS, and staffing solutions that enable AMN to be a strategic partner to thousands of healthcare providers in various settings

Diverse career options for care professionals in disciplines across the spectrum of healthcare

Diversified Solutions Mix Enables Superior Operating Leverage

Nurse and Allied Solutions
 Physician and Leadership Solutions
 Technology and Workforce Solutions

- Our business revenue mix provides a range of benefits including, better revenue growth and operating leverage compared to traditional staffing companies
- Technology & Workforce Solutions segment accounted for 14% of LTM revenue, but translated into 38% of segment operating income, illustrating the strength of our fee based and tech-enabled services

Diversity of Revenue Mix Improves Gross Margin Profile

AMN business segments have a blend of high- and lower-margin business lines

- The blend between specialty staffing and fee-based technology services delivers greater value-add than staffing-only vendors
- Core nurse and allied staffing gross margin is in line with the market average
- Search businesses provide a margin boost to the PLS segment
- Technology and Workforce Solutions exemplifies the benefits of the tech-enabled services model

Well-Positioned Amid Long-Term U.S. Secular Trends

Aging Population

U.S. Population Aged 65+

More Days Spent in Hospital

- **3x** for 65+
- **4x** for 75+

U.S. Population Aged 65+

~50% RNs and physicians are 50+

~33% physicians will be 65+ by 2030

Job Openings / Turnover

~86,000 Shortage

of U.S. physicians by 2036

~900,000 RNs anticipated to leave the workforce by the end of 2027

Regional & Specialty Nurse Shortage

is expected by 2032

28% Voluntary Turnover

in first half 2024 – higher than all of pre-pandemic history

Healthcare Spend

Annual Growth in Healthcare Spend

Is projected to average +5.6% per year for 2023-2032, while growth in Medicare spending is projected to reach **+7.4% per year for 2023–32**, reflecting **faster expected growth in healthcare costs**

Sources: U.S. Census, Population Surveys; National Health Expenditure Projections - 6/24; "The Complexities of Physician Supply and Demand," AAMC, 3/24; "Examining the Impact of the COVID-19 Pandemic on Burnout & Stress Among U.S. Nurses", NCSBN, April 2023

We Are Proactively Addressing These Trends

- Working with clients to develop a long-term vision to build a flexible, sustainable workforce
- Providing flexible work opportunities, permanent and temporary, for workers throughout the career life cycle
- Helping clients optimize their labor mix across all work settings and terms
- Bringing tech-enabled solutions that drive labor force optimization
- Continuing to build the industry's most powerful healthcare recruiting engine
- Focusing on unparalleled capabilities to serve large health systems gaining share by consolidation
- Investing more heavily in digital recruiting, job marketing and career management to increase value proposition and efficiency

Significant Opportunity with a Large, Fragmented Market

Total Addressable Market: ~\$44B

Reaching Our Market Potential

- Evolving to serve more diverse needs driven by increasingly complexity of large, growing health systems expanding health care settings
- Proactively anticipating needs driven by dramatic changes in care delivery and value-based reimbursement
- Other addressable markets we serve:
 - Language Interpretation
 - Permanent Placement / Search
 - Recruitment Process Outsourcing
 - Healthcare VMS

AMN Historical Financial Summary

Total Revenue (\$M)

Gross Profit (\$M) and Margin (%)

Adjusted EBITDA (\$M) and Margin (%)

Adjusted Net Income (\$M)

Strong Free Cash Flow Generation

Adjusted Net Income, Adjusted EBITDA & Free Cash Flow (\$M)

Commentary

- Scalable operating model – ability to flex cost structure and create operating leverage to drive attractive cash flow and earnings growth
- Strong free cash generation supports balanced capital allocation strategy and future growth
- We project annual capital expenditures of approximately 2% - 3% of annual revenue
- Annual capex budget is approximately 30% - 40% maintenance, more than half innovation and digital enhancements

LTM as of September 30, 2024

Cash Flows Enable Multi-faceted Growth Strategy

Disciplined, Flexible Balance Sheet

Summary Balance Sheet (\$M, 9/30/24)

Cash and Cash Equivalents	\$ 31
Total Current Assets	\$ 612
Total Assets	\$ 2,668
Total Current Liabilities	\$ 519
Total Debt	\$ 1,135
Total Equity	\$ 891

(\$M, 9/30/24)

Cash and Cash Equivalents	\$ 31
Available Credit ²	\$ 445
Total Available Liquidity	\$ 476

¹ Leverage ratio represents the ratio of the consolidated funded indebtedness (as calculated per the Company's credit agreement) at the end of the subject period to the consolidated adjusted EBITDA (as calculated per the Company's credit agreement) for the 12-month period ended at the end of the subject period.

² Available credit is net of \$20.4 million used as collateral for letters of credit (in green in chart on right).

LTM as of September 30, 2024

Net Leverage Ratio¹

Debt Maturity Schedule (\$M)

Total Leverage Ratio Objective Is Range Of 2-2.5x

Balanced Capital Allocation Strategy

Historical Use of Capital

(2018 – Q3 2024)

- Debt Reduction
- M&A
- Reinvestment
- Buybacks

Reinvestment

- Development to drive future growth
- Making IT systems smarter and more integrated

M&A

- Acquisitions remain a high priority in uses of capital
- Seek tech-enabled and staffing solutions that deepen our expertise and solves client's workforce challenges

Debt Reduction

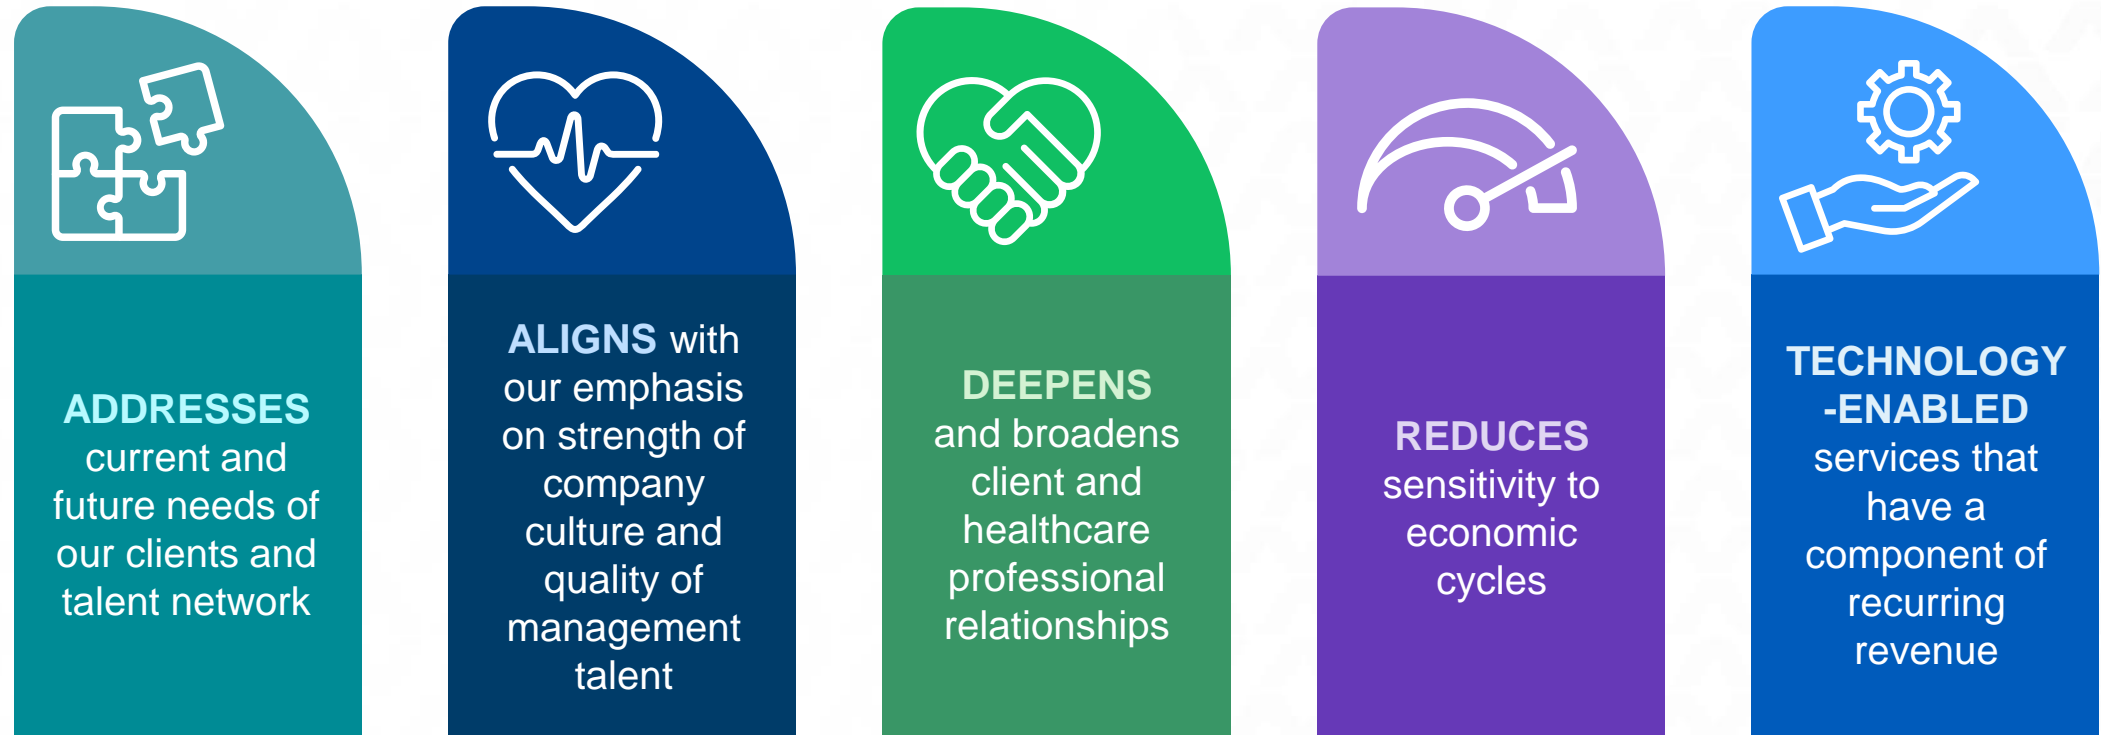

- Target net leverage ratio of 2-2.5x
- Current leverage ratio opens borrowing capacity for future investments

Share Buybacks

- Since 2016, AMN repurchased 12.6 million shares for \$1.1 billion ⁽¹⁾
- As of September 30, 2024, \$227M remained authorized for buybacks

¹⁾ As of September 30, 2024

Reconciliation of Non-GAAP Items (Unaudited)

For the Twelve Months Ended September 30, 2024

(Dollars in thousands)	Fourth Quarter 2023	First Quarter 2024	Second Quarter 2024	Third Quarter 2024	Twelve Months Ended
Net cash provided by (used in) operating activities	\$ (41,130)	\$ 81,386	\$ 99,515	\$ 66,703	\$ 206,474
Purchase and development of fixed assets	(29,856)	(18,145)	(27,266)	(19,260)	(94,527)
Free cash flow ⁽¹⁴⁾	<u>\$ (70,986)</u>	<u>\$ 63,241</u>	<u>\$ 72,249</u>	<u>\$ 47,443</u>	<u>\$ 111,947</u>

For the Years Ended December 31,

(Dollars in thousands)	2019	2020	2021	2022	2023
Net cash provided by operating activities	\$ 224,862	\$ 256,826	\$ 305,356	\$ 653,733	\$ 372,165
Purchase and development of fixed assets	(35,218)	(37,702)	(53,573)	(75,831)	(103,687)
Free cash flow ⁽¹⁴⁾	<u>\$ 189,644</u>	<u>\$ 219,124</u>	<u>\$ 251,783</u>	<u>\$ 577,902</u>	<u>\$ 268,478</u>

Reconciliation of Non-GAAP Items (Unaudited)

- (1) Changes in the fair value of equity investments and instruments are recognized in interest expense, net, and other. Since the changes in fair value are unrelated to the Company's operating performance, we exclude the impact from the calculations of adjusted net income and adjusted diluted EPS.
- (2) A portion of depreciation expense for AMN Language Services (formerly known as Stratus Video, which was acquired in February 2020 and has since been rebranded) is included in cost of revenue. We exclude the impact of depreciation included in cost of revenue from the calculation of adjusted EBITDA.
- (3) **Acquisition, integration, and other costs** include acquisition and integration costs, net changes in the fair value of contingent consideration liabilities for recently acquired companies, certain legal expenses, restructuring expenses and other costs associated with exit or disposal activities, and certain nonrecurring expenses, which we exclude from the calculation of adjusted EBITDA, adjusted net income, and adjusted diluted EPS because we believe that these expenses are not indicative of the Company's operating performance. For the three and nine months ended September 30, 2024, acquisition and integration costs were approximately \$0.3 million and \$1.8 million, respectively, expenses related to the closures of certain office leases were approximately \$0.7 million and \$1.8 million, respectively, certain legal expenses of approximately \$(2.3) million and \$1.0 million, respectively, restructuring expenses and other costs associated with exit or disposal activities were approximately \$3.3 million and \$6.3 million, respectively, and other nonrecurring expenses were approximately \$1.0 million and \$5.3 million, respectively. Additionally, the aforementioned costs for the nine months ended September 30, 2024 were partially offset by an immaterial out-of-period adjustment of \$2.4 million related to acquisition-related costs incurred in connection with the acquisition of MSDR. For the three and twelve months ended December 31, 2023, acquisition and integration costs were approximately \$10.4 million and \$13.7 million, respectively, expenses related to the closures of certain office leases were approximately \$1.1 million and \$4.8 million, respectively, certain legal expenses were approximately \$(0.1) million and \$2.1 million, respectively, restructuring expenses and other costs associated with exit or disposal activities were approximately \$10.2 million and \$13.9 million, respectively, and other nonrecurring expenses were approximately \$2.5 million and \$3.7 million, respectively. Additionally, acquisition, integration, and other costs for the year ended December 31, 2023 included increases in contingent consideration liabilities for recently acquired companies of approximately \$2.4 million. For the year ended December 31, 2022, acquisition and integration costs were approximately \$4.4 million, expenses related to the closures of certain office leases were approximately \$15.3 million, certain legal expenses were approximately \$13.8 million, and other nonrecurring expenses were approximately \$1.8 million. Additionally, the aforementioned costs for the year ended December 31, 2022 were partially offset by net decreases in contingent consideration liabilities for recently acquired companies of approximately \$2.9 million. For the year ended December 31, 2021, acquisition and integration costs were approximately \$7.3 million, expenses related to the closures of certain office leases were approximately \$11.5 million, certain legal expenses were approximately \$7.0 million, and other nonrecurring expenses were approximately \$0.4 million. Additionally, acquisition, integration, and other costs for the year ended December 31, 2021 included an adjustment of \$2.3 million to correct an immaterial out-of-period error.
- (4) **Adjusted EBITDA** represents net income plus interest expense (net of interest income) and other, income tax expense (benefit), depreciation and amortization, depreciation (included in cost of revenue), acquisition, integration, and other costs, restructuring expenses, certain legal expenses, and share-based compensation. Management believes that adjusted EBITDA provides an effective measure of the Company's results, as it excludes certain items that management believes are not indicative of the Company's operating performance. Adjusted EBITDA is not intended to represent cash flows for the period, nor has it been presented as an alternative to income from operations or net income as an indicator of operating performance. Although management believes that some of the items excluded from adjusted EBITDA are not indicative of the Company's operating performance, these items do impact the statement of comprehensive income, and management therefore utilizes adjusted EBITDA as an operating performance measure in conjunction with GAAP measures such as net income.
- (5) **Adjusted EBITDA margin** represents adjusted EBITDA divided by revenue.

Reconciliation of Non-GAAP Items (Unaudited)

- (6) During the year ended December 31, 2023, the Company recorded an increase to its legal accrual for a wage and hour claim in connection with reaching an agreement to settle the matter in its entirety. Since the settlement is largely unrelated to the Company's operating performance, we excluded its impact in the calculations of adjusted EBITDA and adjusted net income.
- (7) **Segment operating income** represents net income plus interest expense (net of interest income) and other, income tax expense (benefit), depreciation and amortization, depreciation (included in cost of revenue), unallocated corporate overhead, acquisition, integration, and other costs, legal settlement accrual changes, and share-based compensation.
- (8) **Unallocated corporate overhead** (as presented in the tables above) consists of unallocated corporate overhead (as reflected in our quarterly and annual financial statements filed with the SEC) less acquisition, integration, and other costs and legal settlement accrual changes.
- (9) The Company records net tax expense (benefit) related to the income tax treatment of the fair value changes in the cash surrender value of its company owned life insurance. Since this change in fair value is unrelated to the Company's operating performance, we excluded the impact on adjusted net income.
- (10) The consolidated effective tax rate is affected by the recording of tax benefits and tax deficiencies relating to equity awards vested during the period and tax benefits recognized for disqualifying dispositions related to our employee stock purchase plan ("ESPP"). The magnitude of the impact of tax benefits and tax deficiencies generated in the future related to equity awards and ESPP is dependent upon the Company's future grants of share-based compensation, the Company's future stock price on the date equity awards vest in relation to the fair value of the awards on the grant date, the Company's future stock price on either the ESPP's offering date or purchase date, whichever is lower, and the length of time the shares issued under the ESPP are held by employees. Since these tax benefits and tax deficiencies related to equity awards and ESPP are largely unrelated to our income before taxes and are unrepresentative of our normal effective tax rate, we excluded their impact in the calculation of adjusted net income and adjusted diluted EPS.
- (11) **Adjusted net income** represents GAAP net income excluding the impact of the (A) amortization of intangible assets, (B) acquisition, integration, and other costs, (C) certain legal expenses, (D) changes in fair value of equity investments and instruments, (E) deferred financing related costs, (F) cumulative effect of change in accounting principle, (G) tax effect, if any, of the foregoing adjustments, (H) excess tax benefits and tax deficiencies relating to equity awards vested and ESPP, (I) net tax expense (benefit) related to the income tax treatment of fair value changes in the cash surrender value of its company owned life insurance, and (J) restructuring tax benefits. Management included this non-GAAP measure to provide investors and prospective investors with an alternative method for assessing the Company's operating results in a manner that is focused on its operating performance and to provide a more consistent basis for comparison between periods. However, investors and prospective investors should note that this non-GAAP measure involves judgment by management (in particular, judgment as to what is classified as a special item to be excluded in the calculation of adjusted net income). Although management believes the items in the calculation of adjusted net income are not indicative of the Company's operating performance, these items do impact the statement of comprehensive income, and management therefore utilizes adjusted net income as an operating performance measure in conjunction with GAAP measures such as GAAP net income.
- (12) As a result of a change in accounting principle on January 1, 2023 related to forfeitures of share-based awards, the Company recognized the cumulative effect of the change in share-based compensation expense during the first quarter of 2023. The cumulative effect of the change in accounting principle is immaterial to prior periods and, therefore, was recognized in the current period. Since the cumulative effect is unrelated to the Company's operating performance for the year ended December 31, 2023, we excluded its impact in the calculation of adjusted net income and adjusted diluted EPS.
- (13) The Company recorded a restructuring tax benefit during the year ended December 31, 2020, which was related to the acquisition of Stratus Video. Since this benefit is largely unrelated to our income before taxes and is unrepresentative of our normal effective tax rate, we excluded its impact in the calculation of adjusted net income.
- (14) **Free cash flow** represents cash flow from operations less capital expenditures.
